The Audit Committee supports the Board of Directors with the review of the company's financial statements, the supervision of the financial accounting standards and reporting, the review of the effectiveness of the internal control system and with the efficiency of external and internal audit procedures, including risk management. The Audit Committee reviews the consolidated annual financial statements as well as the published interim financial statements and submits an application to the Board of Directors for approval. It regularly maintains contact with the Group Auditors and the Corporate Auditor. On this basis, it adopts the detailed reports of the Group Auditors and semi-annual reports of Corporate Audit. It is therefore in the position to audit the quality, effectiveness and interaction between the control systems, to determine the audit priorities, to introduce proposed measures and to monitor their implementation. The Audit Committee determines the organization of Corporate Audit, adopts the internal audit charter and approves the annual planning and scope of internal audit.

In the field of risk management, the Audit Committee approves the detailed and weighted risk map of the Executive Board, adopts the necessary measures for risk control and risk mitigation and reports the respective outcome to the Board of Directors on a yearly basis. The risk map itself covers any strategic, financial, operational, legal and compliance risks that could significantly impact the company's ability to achieve its business goals and financial targets. Identified risks are weighted and prioritized by the Executive Board according to their significance and

CORPORATE GOVERNANCE

likelihood of occurrence. For each risk, specific risk mitigation measures – including their current status – are defined and responsibilities are allocated. The risk map, which is compiled by the Risk Review Committee, chaired by the Corporate Secretary, for review by the Executive Board and subsequent approval by the Audit Committee, contains risks identified and assessed by the respective corporate functions, Regional Management, Corporate Audit and the Group Auditors. The Group's key risks are annually reported to the Board of Directors.

During the reporting year the Audit Committee held five half-day meetings, four thereof immediately prior to the publication of the group results and one at the beginning of December. During Audit Committee meetings, direct discussions took place with representatives of the Group Auditors and Corporate Audit. Representatives from the Group Auditors were present at three of these meetings and the Corporate Auditor (being a permanent participant at the Audit Committee meetings since August 2010) attended all of the above-mentioned meetings. At these meetings, the Executive Board was regularly represented by the CEO, the CFO and the Corporate Secretary.

The Compensation and Nomination Committee consists of the following members of the Board of Directors: Peter Ulber (Chairman), Thomas E. Kern, Chris E. Muntwyler and Knud Elmholdt Stubkjær. The members of the Committee are elected at each General Meeting of Shareholders with a one-year period of office. It monitors the selection process for members of the Board of Directors, the Executive Board and other selected senior management positions, determines the overall remuneration and terms of employment for members of the Board of Directors and the Executive Board as well as remuneration bands for highly compensated employees. Regarding the compensation of the members of the Executive Board, the Committee makes a decision subject to the final approval of the Board of Directors; applications for the compensation of the Board members are decided by the Committee and shared with the Board of Directors. Each year the Committee decides on the bonus compensation for

the CEO and the other members of the Executive Board for the previous year, based on recommendations of the Chairman (for the CEO) and the CEO (for other executive board members). Furthermore, the Committee regularly reviews the Board Stock Award Plan, the Executive Board Mid-Term and Long-Term Incentive Plans and the Group's Management Incentive Plan and submits proposals for final approval to the Board of Directors. Moreover, it approves concepts and policies for the Group's management performance assessment, succession planning and expat programs.

During the reporting year, the Compensation and Nomination Committee held four meetings prior to the regular Board of Directors meetings of approximately two hours each. The Executive Board was regularly represented at these meetings by the CEO, the Chief Human Resources Officer and the Corporate Secretary.

The Ethics and Compliance Committee consists of the following members of the Board of Directors: Peter Ulber (Chairman), Roger Schmid and Beat Walti. It oversees the company's business ethics program. It monitors the handling of major legal matters as well as the development of the company's compliance policies and procedures.

During the reporting year, the Committee held four meetings prior to the regular Board of Directors meetings of approximately one hour each. The Executive Board was represented at these meetings by the CEO and the Corporate Secretary.

The committees generally meet prior to Board of Directors meetings. The chairmen of the committees inform and update the Board of Directors on the topics discussed and decisions made during such meetings. They submit proposals for approval related to decisions that fall within the scope of the Board of Directors.

Objectives, organization, duties and cooperation with the Board of Directors are defined in the Terms of Reference of the respective committees which are reviewed and adopted by the Board of Directors.

The overall responsibility of the Board of Directors is not affected by these committees.

3.5.3 Working methods of the Board of Directors and its committees

During the reporting year, the Board of Directors held four full-day meetings on a quarterly basis. The Executive Board was represented by all its members at these meetings. In urgent cases, telephone conferences are organized in order for decisions to be taken.

At every meeting, the Executive Board updates the Board of Directors on business and key financial developments and main regional and segment developments. On a quarterly basis, detailed consolidated financial statements on the Group, regional and business segment levels are reported to the Board of Directors in accordance with International Financial Reporting Standards (IFRS). The Board of Directors is furnished on time with an agenda, detailed meeting documentation related to topics on the agenda and minutes.

3.6 Definition of areas of responsibility

In line with the law and the Articles (http://www.panalpina.com/www/global/en/home/investors/corporate_governance.html/ Art. 15, page 6+7), the Board of Directors has transferred the responsibility to develop and implement the Group strategy, as well as the responsibility to supervise business and financial development of the Group's subsidiaries, to the Executive Board.

The Organizational Regulations adopted by the Board of Directors govern the cooperation between the Board of Directors, the Chairman and the Executive Board (http://www.panalpina.com/www/global/en/home/investors/corporate_governance.html/ Clause 2.1, page 5+6, and Clause 2.5, page 14 - 27). They contain a detailed catalogue of duties and competencies which determine the financial thresholds within which the Board of Directors and the Executive Board can efficiently execute their daily business. The Organizational Regulations are accessible on Panalpina's website http://www.panalpina.com/www/global/en/home/investors/corporate_governance.html.

The main responsibilities of the Board of Directors at Group level include the determination of the business strategy on the basis of applications filed by the

3.7 Information and control instruments vis-à-vis the Executive Board

5 Compensation, shareholdings and loans

Details regarding compensation for members of the Board of Directors and the Executive Board including shareholding programs can be found in the Compensation Report (Page 72 – 80) of the Annual Report / http://www.panalpina.com/www/global/en/home/investors/annual_report.html)

6 Shareholders' participation rights

6.1 Voting rights and restrictions and representation

Each share carries one vote at the General Meeting of Shareholders. The Articles state that when exercising voting rights, no shareholder may directly or indirectly represent more than 5% of the total shares issued by the company for own and represented shares. (http://www.panalpina.com/www/global/en/home/investors/corporate_governance.html / Art 5, page 3)

The Articles provide for group clauses.

The voting right restrictions are not applicable to shares represented by the independent proxy holder of voting rights (unabhängiger Stimmrechtsvertreter).

The voting restrictions do not apply to the shares held by the Ernst Göhner Foundation, because it held PWT shares prior to the introduction of the voting restrictions (grandfathering).

Any abolition or change of the provisions relating to the restrictions on voting rights requires a resolution of the General Meeting of Shareholders on which at least two-thirds of the voting shares represented agree.

A written proxy entitles a shareholder to be represented at the General Meeting of Shareholders by his or her legal representative, or by another shareholder with the right to vote, or by the independent proxy holder of voting rights (unabhängiger Stimmrechtsvertreter).

Statutory regulations in regards to instructions given to the independent proxy holder of voting rights can be found in the Articles of Association (http://www.panalpina.com/www/global/en/home/investors/corporate_governance.html / Art 11, page 5).

6.2 Quorums required by the Articles of Association

In principle, the legal rules on quorums apply. Supplementary to the quorums legally listed, a two-thirds majority of the shares represented at the General Meeting of Shareholders is required for the following resolutions:

- any abolition or change of the provisions relating to transfer restrictions;
- any abolition or change of the provisions relating to the restriction of voting rights;

- the removal of two or more members of the Board of Directors;
- the abolition of the respective provision in the Articles as well as the repeal or relief of the stated quorum. A resolution to increase the quorum as set forth in the Articles must be based on the consent of the increased quorum.

6.3 Convocation of the General Meeting of Shareholders

There are no provisions deviating from the law.

6.4 Inclusion of items on the agenda

Shareholders who individually or together with other shareholders represent shares in the nominal value of CHF 1 million may request that an item be placed on the agenda. Such a request must be made in writing to PWT at least 60 days prior to the General Meeting of Shareholders.

6.5 Entries in the share register

Registered shares can only be represented by shareholders (or nominees) who have been entered into the PWT share register. Shareholders (or registered nominees) who cannot personally attend the General Meeting of Shareholders are entitled to nominate a representative according to the provisions in the Articles, who represents them by written proxy.

For the purpose of determining voting rights, the share register is closed for registration from the date upon which the General Meeting of Shareholders has been called (date of invitation) until the day after the General Meeting of Shareholders has taken place.

In subsequent meetings they present interim audit findings with respective statements and recommendations later followed by a detailed audit report. The main criteria for the selection of Group Auditors include independence, network capabilities, industry and IT experience of the audit team, a risk-based audit approach, a central process management as well as the integration of Corporate Audit and risk management function. The Audit Committee annually assesses the performance of the Group Auditors and determines the audit fees (refer to section 3.5).
